

# high definition

device protection with advanced clarity

Exceptionally clear, unbelievably thin and virtually indestructible, the invisibleSHIELD High Definition line offers premium features like advanced clarity and a glass-like surface to accentuate the sharp images and vibrant colours in the newest gadget displays.

---

## features

**Advanced clarity:** The invisibleSHIELD High Definition accentuates sharp images and vibrant colours on digital displays.

**Smooth:** Glass-like surface of the High Definition line matches the device screen.

**Lifetime Warranty:** If the invisibleSHIELD is ever damaged, ZAGG will replace it for the life of the device.

**Military Grade:** Originally designed to protect military helicopter blades, this super tough film has been reimagined for lasting device protection.

**Nano-Memory Technology:** Unique properties allow the invisibleSHIELD to self-heal for unrivalled scratch protection.

**Thin:** At only 0.2mm, it protects without adding bulk.
