

PixelSkin HD Wrap for iPad 2

Slim high-contrast case with flip-close front that folds into a stand with multiple angles.

overview & features

The slim, high-contrast PixelSkin HD Wrap has your iPad 2 totally covered. It's lightweight but protective, with a grippy, shiny-matte pixel-pattern design and a front cover that folds back into a multi-angle typing or viewing stand. A micro suction closure keeps your case securely closed when you're done using it.

- Precision fit one-piece flexible construction doesn't add bulk
- Front cover folds securely into multiple stand positions for typing or viewing
- Micro-suction front cover closes securely and opens easily with a convenient tab
- Rubberized button covers and raised screen bezel add extra protection to this iPad case
