

# MX SERIES

## PROFESSIONAL POWER AMPLIFIERS

MX Series Professional Power Amplifiers provide the power and performance needed for installation and portable passive systems, and are the perfect match for DRM Series Passive Loudspeakers. With optimized performance, super-quiet operation and an array of protection circuits, the MX Series delivers powerful performance at an affordable price.

### FEATURES

#### POWER FOR ANY BUDGET

With up to 2700W of reliable power, MX Series Amplifiers offer incredible value for even the most budget-minded applications.

#### HIGH-EFFICIENCY DESIGN

Forced-air cooling and lightweight switching power supplies allow for high-output with minimal size and weight.

#### A PERFECT MATCH

The Mackie DRM Series Passive Loudspeakers are high-performance professional loudspeakers, and the MX Series Amplifiers deliver the power they need to sound their best. Add in the SP260 Loudspeaker Processor for the ultimate Mackie passive loudspeaker system.
